You can enjoy delicious coffee, tea, and chocolate while helping small-scale farmers in Latin America, Asia, and Africa as they build a better future for themselves.

Through the coffee project, farmers earn a fair price for their products, have access to affordable credit and gain a long-term trading partner they can trust, a Fair Trade organization called Equal Exchange.

With our support, these communities invest in education, health care, and agricultural improvements.

For each pound purchased through the project, Equal Exchange makes a contribution to UMCOR programs that support community-based cooperatives in coffee-growing regions.

Equal Exchange is committed to Fair Trade on 100% of their products.

### Fair Trade Coffee Recipe: Spiced Coffee

#### Ingredients:

4 cups double-strength Equal Exchange coffee

4 whole cloves

2 cinnamon sticks

3 whole allspice

Combine brewed coffee with spices in a large glass pitcher or teapot. Steep for 30 minutes. Strain; serve hot or over ice.

Add cream, milk, sugar to your taste (powdered or superfine sugar melts fastest and best).
